Subject Index

(The subjects of WHO activities and recommendations, which appeared in the WHO Notes & News section of ***World Health Forum,*** are indexed separately on p. 4)

AIDS, health education in San Francisco, USA, 484
  overview, 361
  prevention among intravenous drug users, Netherlands, 489
alcohol, Norway, 13
  USSR, 18
allocation of resources, 34
anaemia, in pregnant women, Nigeria, 339

Bangladesh, family planning, 373
biogas production, China and India, 94

cancer, pain relief, prescribing narcotics, 525
  risk factors, USA, 344
    Massachusetts approach, 352
cardiovascular diseases, North Karelia, Finland, 53
  Switzerland, 46
cerebrovascular disease, risk factors, USA, 344
    Massachusetts approach, 352
cervical cancer, screening in developing countries, 42
China, biogas production, 94
  medical education, 501
  mental health care, 379
Colombia, cost of immunization, 221
community health practitioners, Korea, 197
community participation, cardiovascular diseases, Finland, 53
  feeding schoolchildren, Thailand, 25
  Sri Lanka, 383
  survey of handicapped persons, India, 451
  vector control, Mali, 67
competition, health systems research, 6

dengue, control of vectors, Singapore, 101
Denmark, health status, 191
dental caries, Ethiopia, 358
development, 3
  district level activities, 21
diarrhoea management, importance of education, 480
disease awareness, India, 360
district level development, 21
drug regulation, USA, 461
drug use, self-prescribed, Philippines, 469

Editor's announcement, 8
education, for health management, Jamaica, 511
essential drugs, rural health care, Kenya, 472
  use of generics, Sri Lanka, 479
Ethiopia, dental caries, 358
Europe, nursing, 530
evaluation, progress towards health for all, 164
exercise, Round Table, 131, 475
Expanded Programme on Immunization, 208
eye care, Malawi, 204

family planning, Bangladesh, 373
female circumcision, 67
financing, water supplies, 453
Finland, North Karelia cardiovascular diseases project, 53
food safety, irradiation, 71
food supplements, Thailand, 25
food, drugs and medical devices, USA regulations, 461
Foro Mondiale della Sanità, 74

goitre control, India, 70

handicapped persons, survey of needs, India, 451
health care, ethics, 516
  quality assessment, Jamaica, 520
  social marketing techniques, 384, 476, 477
health care information, Round Table, 409
health education, among intravenous drug users, Netherlands, 489
  for management of diarrhoea, 480
  mothers and children, India, 73
  San Francisco AIDS project, 484
health for all, Denmark, 191
  global evaluation, 164
  Netherlands, 439
  United Kingdom, 184
health insurance, India, 69
  Singapore, 38
health management, field training, Jamaica, 511
health manpower, supervision, 358
  worldwide overproduction, 494
health policy, Netherlands, 439
health promotion, not for poor countries, 475

health status, Denmark, 191
United Kingdom, 184
health systems research, competition, 6
health workers, training, India, 359
heart disease, risk factors, USA, 344
Massachusetts approach, 352
high technology, obstetrics, 312
Round Table, 305
hospitals, primary health care activities, Nepal, 80

immunization, costs, Colombia, 221
Expanded Programme, 208
improved coverage, 216
India, biogas production, 94
celebration of World Health Day, 228
goitre control, 70
health awareness, 360
health education for mothers and children, 73
health insurance, 69
help for the handicapped, 451
integrated medical education, 230
scabies control, 357
training of health workers, 359
infertility, prevention in the Sudan, 478
intersectoral cooperation, Philippines, 231
Interview with Donald A. Henderson, smallpox eradication, 283
Ireland, parents with mentally handicapped children, 446
Italian edition, *World Health Forum*, 74

Jamaica, learning health management, 511
maternal mortality, 75
quality assessment of medical care, 520

Kenya, essential drugs for rural health care, 472
Korea (Republic of), community health practitioners, 197

life-styles, healthy, 9, 478
linked to cardiovascular diseases, Switzerland, 46
Massachusetts approach to reducing risk factors, 352

Malawi, eye care, 204
Mali, onchocerciasis vector control, 67
maternal mortality, developing countries, 155
Jamaica, 75
medical education, China, 501
for primary health care, Nepal, 229
Third World, 508
overproduction of doctors, 494
through integrated medical practice, India, 230
young doctors' preferences, Sri Lanka, 504
medical ethics, 516
mental disorders, preventive action, 245
mental health care, China, 379
mentally handicapped children, care in Ireland, 446

narcotics, administration for cancer pain, 525
Nepal, primary health care in hospitals, 80
training medical students for primary health care, 229
Netherlands, AIDS prevention among intravenous drug users, 489
health-for-all policy, 439
Nigeria, maternal anaemia, 339
primary health care, 161
radiological services, 232
traditional practitioners, 240
Norway, alcohol consumption, 13
nutrition policy, 533
nursing, progress in Europe, 530
nutrition, children, Thailand, 539
Norwegian policy, 533

obstetrics, use of high technology, 312
onchocerciasis vector control, Mali, 67
oral health, Ethiopia, 358

Philippines, intersectoral cooperation, 231
use of self-prescribed drugs, 469
physical activity, Round Table, 131, 475
polio camps, misgivings, 482
primary health care, debate, 56
in hospitals, Nepal, 80
Korea, 197
Malawi, 204
political support, 517
training medical students, Nepal, 229
Nigeria, 161
Third World, 508
Zambia, 200
promotion, healthy life-styles, 9

radiological services, Nigeria, 232
recession, effect on health, 34
rheumatic fever, 479
risk factors, heart disease, cancer and stroke, USA, 344
Massachusetts approach, 352
Round Tables:
Exercising for health, 131, 475
High technology: the pendulum must swing back, 305
How should information on health care be generated and used? 409

safe motherhood, 155
scabies control, India, 357
schoolchildren, voluntary feeding programmes, Thailand, 25

screening, for cervical cancer in developing countries, 42
self-medication, Philippines, 469
sexually transmitted diseases, control in developing countries, 97
Sudan, 478
Singapore, control of dengue vectors, 101
investment plan for medical expenses, 38
smallpox, can it return? 297
smallpox eradication, interview with Donald A. Henderson, 283
post-eradication tasks, 293
reflections 10 years later, 281
social marketing of health care, 384, 476, 477
Sri Lanka, community participation, 383
medical graduates' career preferences, 504
use of essential drugs and generics, 479
Sudan, management of sexually transmitted diseases and infertility, 478
Switzerland, cardiovascular diseases, 46

Thailand, childhood malnutrition, 539
food supplements, 25
Third World cities, 86
traditional practitioners, collaboration with Western medicine, Nigeria, 240
training of health workers, India, 359

United Kingdom, health for all: charter for action, 184
urban environment, Third World, 86
USA, prevention of heart disease, cancer and stroke, 344
Massachusetts approach to reducing risk factors, 352
regulation of food, drugs and medical devices, 461
San Francisco AIDS education project, 484
USSR, alcohol abuse, 18

vector control, Mali, 67
Singapore, 101

water supply and sanitation, financing, 453
women's influence, 28
WHO, celebration of 40th anniversary, 474
WHO publications, availability and usefulness, 233
women, role in water supply and sanitation, 28
